### **About Future City Expo**

Future City will be a unique exhibition space designed and constructed at Evolve Arena in December 5-6, 2018, where each company will be sharing concept design and their ‘stands’ will be integrated into the Future City Environment. The Future City will be the most attractive arena at the Evolve Arena Expo and a perfect arena to be a sponsor.

Evolve Arena has reserved a space for the Future City, where we will build Smart Hospital, Future University, Smart Homes, Future Store, Space for Earth Hub, Startup Arena with all latest technical solutions when it comes to mobility, waste management, energy saving and optimization.

Evolve Arena want to REDEFINE ‘expo’ as it is right now and build a new efficient platform for solutions to be created and partnership established.

Evolve Arena want CONNECT PROBLEM and SOLUTIONS and bridge the gap between innovators, decision makers and industry at Future City Expo.

Future City Expo will be result of coordinated work, innovative thinking and continues matchmaking through series of workshop and team sessions. Focusing on bringing main stakeholders together and work on challenges before the main event, Evolve Arena want to engage partners and companies working with future tech, mobility, social innovation, urbanity, mobility, humanity and energy to co-create and present their innovation together.
